LEVITON®

Ultrasonic Ceiling Occupancy Sensor

OSCxx-UOW

BASIC OPERATION

The OSCxx-U is a low voltage occupancy sensor that controls indoor lighting. The sensor fills the room with continuous reflective high frequency (ultrasonic) sound waves. Any movement within the sensor's range causes a shift in the original emitted frequency. The sensor's receiver identifies any change in frequency as motion and either turns the lights on or maintains lights on.

APPLICATIONS

- Cafeterias
- Classrooms
- Hallways
- Filing rooms
- Open areas
- Restrooms
- Storage rooms
- Open warehouses
- Workspaces
- Executive offices
- Offices with cubicles

FEATURES

- Self Adjusting: An internal microprocessor automatically analyzes, evaluates and adjusts time delay and U/S settings for maximum energy savings
- Custom off-white color matched for shaded ceilings
- Fast, simple installation: easy ceiling mount, three wire connection (low voltage) and twist-lock sensor attachment for 360° rotation and flexibility
- Maximum reliability, low cost: digital circuitry uses a minimum of components

- Small motion sensitivity: the ultrasonic technology provides excellent small motion sensitivity
- Non-volatile memory: learned and adjusted settings saved in protected memory are not lost during power outages
- Timer Setting Feature: Automatic—30sec – 30min. Test mode—6sec with auto exit programming.
- Walk-through: provides increased energy savings by decreasing the time delay to 2.5min when someone momentarily walks through the monitored space
- Wide coverage: units from 500 to 2000 sq. ft. available
- Ambient light recognition: a light sensor prevents lights from turning on when the room is adequately lit by natural light
- Power base (OPB 15) available for line voltage applications
- Ultrasonic (U/S) components: one or two U/S transducers and one or two narrow bandwidth receivers each 16mm in diameter. Frequency—Crystal controlled to ±.005%.
- Device: rugged, high-impact, injection molded plastic, off -white. Color coded leads 6" (16.24 cm).

HOW THE OSCxx-U AUTOMATICALLY ADAPTS

Condition	Example	Adaptive Reaction
Timer Left In Test Mode - The sensor remains in an 6 sec. test mode.	An installer accidentally leaves the sensor in the 6 sec. timer test mode and the lights may go off or on every 6 sec.	The sensor automatically resets the timer to 10 min after 15 min of test mode.
False-On - The sensor incorrectly turns the lights on.	The sensor detects movement in the corridor or hall way and the room lights turn on.	After an initial movement is sensed, if another mov ement is not sensed within the timer setting then the delayed off time setting is automatically reduced.
False-Off - The sensor incorrectly turns the lights off.	The sensor does not detect movement because an occupant sits virtually motionless at a desk and the lights turn off.	If motion is sensed within a short period after the lights go off, then the current delayed off-time setting is increased.

SPECIFICATIONS

ELECTRICAL	
Frequency	OSC05-U0W, OSC10-U0W: 40kHz
	OSC20-U0W: 32kHz
Power Requirements	24 VDC, from OSPxx Power Pack or OPB15 Power Base
Power Consumption	OSC05: 25mA, OSC10: 35mA, OSC20: 30mA
Output	24 VDC active high logic control signal with short circuit protection

CONTROLS	
Ultrasonic Sensitivity	0-100%; green knob (factory setting: 50%)
Light Sensor	20 to 3,000 Lux; factory set at 100% (*grey wire required)
Time Delay	30sec-30min; black knob (factory setting: 10min)

INDICATORS	
Green LED	U/S motion technology

ENVIRONMENTAL	
Operating Temperature Range	32-104°F (0-40°C)
Relative Humidity	0-95% non-condensing, for indoor use only

| OTHER	
Mounting Height	8-12 feet
Listings	CUL/US Certified, meets energy code requirements for ASHRAE Standard 90.1 and CA Title 24
Warranty	Limited Five-Year Warranty

ORDERING INFORMATION

| CAT. NO.	DESCRIPTION
OSC05-U0W	Ultrasonic Ceiling Sensor, 500 sq. feet of coverage
OSC10-U0W	Ultrasonic Ceiling Sensor, 1000 sq. feet of coverage
OSC20-U0W	Ultrasonic Ceiling Sensor, 2000 sq feet of coverage

NAFTA compliant and Made in USA models available

DIMENSIONS

4.20" (106.68mm)

1.37" (39.99mm)
